Dear Parent/Guardian,

Our school has implemented the ***Lexia Reading***® software program. *Lexia Reading* provides the targeted practice that students need to develop their reading skills. As an added benefit, this program is available to students at home to extend their practice time via the ***Lexia Reading*** **School-to-Home Connection**.

Getting started is easy!

Please Note: *Lexia Reading* is intended for independent use by the student with no assistance from parents or siblings. Please allow your son/daughter to work in the program at their pace without your guidance. We recommend that usage be kept to a reasonable level – not too short and not too long to maximize the benefit while maintaining student interest. Please try to ensure an average of 20-30 minutes per session.
